

## JANUARY NEWSLETTER

### HIGHLIGHTS

### EDITOR'S NOTES

Hello Life Reset, thank you all for working very hard at our many events, as we started off the new year of 2024. I hope that in the year 2024 our club will continue to strive to serve our community, reaching out to many people who need our help. I would like to also thank our officers, mentors, and advisors as they have helped us out so much. I hope that we can all have great year with each other, volunteering at many events!

### Highlights

- 1/6- OC Mission Warehouse Volunteering
- 1/20- Pasadena Tree Planting
- Recycling cans and bottles

### Upcoming Events

## OC MISSION WAREHOUSE VOLUNTEERING

On January sixth, Life Reset members participated in helping out the Orange County Rescue Mission. The Orange County Rescue Mission is an organization that focuses on aiding the homeless. At the rescue, members had performed various tasks whether it be helping store canned food, help package various food items, or helping serve food to the homeless.

### Luke Kesologue (something high school 11th grade)

“Arriving at the mission, I didn’t know what to expect. Even though I had gone to the mission around one year ago, I still wasn’t sure about what I could do to help. I had to help out in the kitchen helping organizing and preparing food. My job was helping put away and organizing foods. Then later on I had to prepare lunch. It was hard work but I feel like it paid off. I had a lot of fun volunteering at this mission and look forward to coming again.”

## PASEDNA TREE PLANTING

Max Kim (West High School 11th Grade)

“ When I first arrived at the school, I was just expecting to help dig out weeds and plant trees. But I was assigned the role of taking out a huge tree stump with couple of members. This was way different then the usual tree plantings that I had attended. This tree planting was more laborious and we all worked very hard. Then it started to pour but despite the weather, we were solely focused on finishing our job and took cover from the rain, once we had finished our jobs. I had a lot of fun volunteering with the other members and look forward to doing so again”

## RECYCLING CENTER

Life Reset is officially starting January by recycling various cans and bottles, to help raise money for upcoming events. LifeReset members had focused on collecting bottles and cans throughout their everyday lives at either home or school. Life Reset members saved up a total amount of \$716.87! The money that was saved up is going to be used to help fund more upcoming events, giving Life Reset more opportunities to help our community. I would like to give a thanks to our members who collected cans and bottles, serving their community.

## Upcoming Events

- 2/10- Heal the Bay Beach Clean up: 22930 Golden Springs Dr  
(9am-12pm)
- 2/24- Tree Planting: North Park Academy of the Arts (9am-12pm)
