FEBRUARY NEWSLETTER

EDITOR'S NOTES

Good morning, afternoon, or night Life Reset! Thank you for all your hard work during the events listed in past and current news articles. Thank you for providing us with the opportunities to write about them. I hope we can continue helping our community to grow and become a better and cleaner place.

- 4 Bronze Prizes: \$50
- 4 Honorary Mentions: \$25 Amazon gift cards

2/3 HABITAT FOR HUMANITY RESTORE

On February 3rd, 2024, members of Life Reset helped at the Habitat for Humanity in Montclair. The Habitat for Humanity is a group raising funds to resell items, new and old, at an affordable price. Members of Life Reset helped with labeling pricing on new items, putting the items on display, and cleaned the warehouse. They did all the work in the span of three hours.

2/10 HEAL THE BAY SYCAMORE CANYON PARK

Irene Bae (Chino Hills High School 9th Grade)

“I didn’t know what to think of the cleaning when I first arrived. I thought everything would be the same as before. However it had rained earlier, so everything was wet and muddy. I usually don’t like getting mud on myself, but I knew I needed to do my part. We picked up trash around the area and also hiked around the area to find more litter. To be honest, I felt a little tired but it felt like it was worth it since I contributed to cleaning up the park.”

2/24 TREE PLANTING: NORTH PARK ACADEMY OF THE ARTS

For the last event of February, Life Reset members went to the North Park Academy of the Arts for tree planting. North Park Academy of the Arts is a middle school dedicated to preparing their students for their career and colleges. Their mission is to challenge their students and to partner with their community to give their students a good learning environment. Members of Life Reset worked diligently to plant trees around the area, once again helping our environment little by little.
