

Los Amigos del Rios

Summitridge Park

Thank you to our volunteers who worked hard for our community. Little by little, we are making a difference in our environment and people's lives

Summitridge Park trail 4/8

The Summitridge Park Trail is a community park located in Diamond Bar with beautiful views down its long trails, perfect for hiking and sightseeing. Our volunteers wanted to make this an even brighter place by plogging, going as far as a mile into the trail. Because of our volunteers' efforts, more people will be able to enjoy this park too.

Peck Road Water Conservation Park 4/22

Life Reset volunteered at the beautiful water conservation park in Arcadia. It has many functions, such as water and stormwater supply management, fishing areas, and recreational activities. The volunteers were able to enjoy the scenery as they cleaned the walkways along the trails, and were met by thankful people who also shared a love for the park.

Tree planting (Los Amigos del Rios) 4/22

Life Reset again joined Los Amigos del Rios in planting trees and caring for the grounds at Plymouth Elementary School. It is located in Monrovia and provides the best education and experiences they can for their students. Life Reset volunteers gave them an even better environment for the flowering students there.

Korean Memorial Park cleaning

To connect more with culture, our volunteers polished the Korean Memorial Park in Fullerton. It is a dedication to the brave U.S. soldiers who fought in the Korean War. Our volunteers gained a new respect for the nearly 40,000 fallen soldiers.
