## YOUTH VOLUNTEERING UPDATES:

## BOLSA CHICA STATE BEACH EXPERIENCE:

Lexi Lee (9th)

On March 19th, 2022 a beach cleaning occurred with the purpose of environment awareness and well-being. In which, with our Life Reset team we were able to successfully complete this project. Despite the cold weather, our members had worked hard in collectively disposing a variety of trash and substances that may harm the environment, in the future. Therefore, thank you for all the members for participating and much gratitude goes out to the parents who have provided us with a healthy and delicious lunch after the event.

## SHOE DONATION EVENT:

Taking place in Inland Church, Pomona, was the occurrence of a shoe donation event. Over the course of many weeks, the entire church collectively donated many shoes of all sizes. With the many grateful donations, the Life Reset team that are also members of Inland Church; had got together to finalize in packaging the shoes, for it to later be transported.

### Jesse Kim (9th)

*"The donation that I worked for in Inland Church was a fundraiser to help defectors and young children in North Korea. We had to tie shoes that were donated, so that we could collect them and help the charity organization. The weight of the shoes was measured and sent to KYCC to support the North Korean defectors. The collected shoes get sent to Africa, which is why we tie the shoes and organize the garbage bags together. The overall experience was good knowing it was for a greater cause and we got to have doing while getting to help, so that people who are in need of the shoes could receive them."*

## ASSEMBLYMAN RECOGNITION:

Recognized by Phillip Chen (55th District)

All Life Reset members have been recognized for their hard volunteering services. It reads:

*"On behalf of the California State Assembly, thank you for your dedicated commitment and great contributions to our community through volunteering with Life Reset International. Best Wishes for your continued success!"*

## THANK YOU LETTER FROM LOS AMIGOS DE LOS RIOS:

Marian Coengen, Director of Los Amigos de los Rios

*Thank you for choosing to have many Life Reset Members complete their volunteer hours with Amigo de los Rios. You really made a difference at the various projects that Life Reset worked on.*

Plymouth Elementary- You worked to restructure the bioswale so that it captured and infiltrated stormwater more effectively, to a great success. While tolerant, habitat boosting native shrubs. You greatly helped with this Urban Greening projects goals.

San Gabriel River (Near Durfee School)- You removed invasive grasses and replaced them with habitat building Native shrubs. It is wonderful to see how this area behind the river is thriving. Thank you everyone for all your hard work. We can't do this important work without you.

Gratefully yours,  
Marian
